## company profile

### company

MT Promedt Consulting is a Germany based regulatory consultancy providing analytical and strategic services to the international healthcare market (medical devices, in vitro diagnostics, pharmaceutical and biotechnical industry). The company supports manufacturers worldwide in the medical device approval and clearance process, international product registration and in the development of quality management systems. MT Promedt Consulting provides services as European Authorized Representative for non-European medical device manufacturers according to the European regulations. Founded in 1995, the company is centrally located in Europe with two German offices in St. Ingbert/Saarland and Tornesch/Schleswig-Holstein and is represented in the USA with an office in Salt Lake City, Utah, USA.

### partners

By accessing a global network of subsidiaries and partners in Argentina, Australia, Belgium, Brazil, India, Israel, Japan, Korea, Singapore, Turkey and USA, MT Promedt Consulting provides in-depth knowledge across the lifecycle in medical technology from product development to the post-market period.

### team

Our team consists of experts – pharmacists, microbiologists, chemists and biomedical engineers – with an extensive medical, scientific, regulatory, technical and business background who are well-respected by international notified bodies and competent authorities. We are specialized in the fields of medical technology, pharmaceuticals and regulatory affairs. We have profound knowledge in the areas of quality management, USA and European regulatory requirements, CE marking, product safety, planning and performance of production process, product validation and clinical trials.

### philosophy

The objective of our company is to provide excellent and hands-on assistance for our clients. Considering the sponsor's perspectives we tailor our competent services to meet the customer's needs in a cost-effective manner and within a clear timeline. We understand and enjoy the entrepreneurial spirit inherent in the small and medium sized companies. Benefitting from years of experience in the fields of production, quality assurance and regulatory affairs, MT Promedt Consulting offers full service packages in order to speed up the process from product development to market clearance. Our commitment is to help our clients to obtain a remarkable advantage in these markets.
